

A detailed photograph of a Festo 5-port solenoid valve. The valve is constructed from polished aluminum and features a compact, rectangular design. It has five ports: one large threaded port on the left side, and four smaller ports (two on the top and two on the bottom) for additional connections. The Festo logo and the text "5-PORT VALVE" and "1/4\" are visible on the top surface. The valve is shown from a three-quarter perspective, highlighting its robust construction and industrial-grade finish.
